ABOUT ME

I am a student at Caucasus school of governance, I am studying the program of International Relations and Diplomacy. I have also studied at the European School of Political and Social Sciences during my exchange program at Lille Catholic University in France.

Concurrently, I am planning my career in the same field that I am studying, because this is the only field that I see myself in the future and am genuinely interested in. I still continue the learning process, since I believe that furthering my knowledge will help me to narrow my interests and shape my future career.

I'm fond of reading literature and watching movies. Moreover, in my free time I hang out with my friends at music festivals.
