ABOUT ME

Hello, my name is Liza. I graduated from Ivane Javakhishvili Tbilisi N53 Public School with a gold medal. Currently, I am enrolled in the double degree program for Hospitality Management. I am delighted to have the opportunity to be one of the first ambassador of Caucasus University. I believe that I will successfully fulfill the assigned duties because, during my program, I have already gained experience in the mobility process of international students. Additionally, organizing events has always been an area of interest for me. I cannot wait to create an unforgettable student life experience, foster an inclusive atmosphere, and cultivate a diverse community at Caucasus University.
