

**Honorary
Doctor**

Antonio Leño del Castillo

Mr. Leño del Castillo is a prominent businessman from Mexico, who comes from a long line of strong education supporters. He holds a degree in Business Administration at UAG and a Associate Executive Business Administration Degree at UCLA Anderson School of Management. He has served as The Vice-President of the Universidad Autónoma de Guadalajara (UAG) since 2005.

After beginning his career as a university administrator in the UAG educational system in 1997, he has also served as CFO and Finance VP for the university.

He has been a leader in the incorporation of best management practices in this educational institution, coordinating the 'Strategic Plan 2035 UAG to the centenary; thereby driving the modernization, transformation, innovation, development, and sustainability of the institution. Due to his management, it was possible to establish an unprecedented alliance in Mexico with Arizona State University and Cintana Education, further enhancing the scope of said strategic plan.

He has founded and led other successful academic and business projects, such as the Canadian School Educational System and various projects in the hospitality, real estate, automotive, and energy sectors.
