ABOUT ME:

I graduated from primary school in Batumi, at Public School N1. I am currently working at the ORBI company, where my job is to attract people to the company by distributing flyers. I have also worked as a waitress, primarily during summer seasons. Dance has always been a great passion of mine and I have been actively involved in this sport for many years. I have consistently strived to maintain an athletic lifestyle, and I am currently a member of the Caucasus Latin American Dance Club. I enjoy participating in various activities, leading an active lifestyle and doing sports.
