

MARIAM JOJUA

07/04/2005

School: Caucasus school of law

Program: law

Course: 3

CU E-mail: m_jojua@cu.edu.ge

ABOUT ME:

My name is Mariam Jojua. I enrolled in the Faculty of Law in 2023 with a full, 100% scholarship. I took on my first official responsibilities as a member of the student self-government at Tbilisi Public School No. 55 – an experience that marked the beginning of my journey in developing leadership skills.

My interests in the field of law are diverse, but I'm particularly drawn to medical law – a discipline that merges care for people, ethical responsibility, and legal regulation. I have completed a certified course titled "Medical Elements in Law", and I plan to build my career in this direction.

Currently, I'm working in a field different from law – administration and coordination. At the company "Flowmaster" this experience has proven to be highly valuable for me. My role involves event planning, coordinating processes, and communicating with participants.

I also feel very comfortable in international environments. I have many foreign friends, and interacting with people from different cultures comes naturally to me.

By nature, I am a very curious person. In my free time, I enjoy playing strategic games, knitting is a form of meditation for me and spending time with animals lifts my spirits.

My goal is to become a sincere and supportive representative for students at the university – a friendly and attentive ambassador who is ready to find common ground with everyone.
