## ABOUT ME:

I study Business Administration at Caucasus University, and I spent one semester in Rennes, France, as part of an exchange program. That experience was truly eye-opening. I had the chance to meet people from all over the world and learn how to adapt to a completely new environment. I'm especially interested in marketing and social entrepreneurship because I believe business can be a powerful tool for creating positive change. Outside of my studies, I enjoy photography, traveling, and connecting with new people. I try to get involved in different projects whenever I can, as I find that every new experience helps me grow both personally and professionally.
