## ABOUT ME:

My name is Nia Kokaia. I am studying Business Administration in English. In the future, I aim to deepen my knowledge in marketing and continue my studies abroad. I graduated from school with honors, earning a gold medal. I have a deep passion for traveling, discovering new cultures, and connecting with people. I consider myself goal-oriented and hardworking.

I'm especially drawn to learning languages - I speak English and Russian fluently and am currently learning Spanish. In my free time, I enjoy reading, listening to music, spending time with friends, making handmade crafts, and playing chess. I also dedicate a lot of time to personal growth.

I love new challenges and believe that becoming a student ambassador will help me grow, gain experience, and achieve my goals. I'm excited to be a part of this program and am ready to participate with full responsibility and enthusiasm - to create an engaging and memorable environment for our students and proudly represent Caucasus University.
