ABOUT ME:

I am a Business Administration student at Caucasus University, planning to specialise in Finance. I believe that the knowledge and experience I gain at the university will provide a solid foundation for my professional path. As part of the Erasmus+ program, I spent one semester studying in Austria, which gave me the opportunity to gain international experience, explore a new environment, and learn about different cultures. This significantly broadened my perspectives both professionally and personally and strengthened my desire to pursue a career in the financial field in the future. I actively participate in youth projects and volunteer activities, which help me develop leadership and teamwork skills. I really enjoy communicating with people, forming new relationships, and getting involved in various events because it allows me to constantly learn new things from others and develop myself. It is a great honor for me to contribute to showcasing Caucasus University and promoting the values that make it so special.
