

TAKO GELASHVILI

01/20/2007

School: Caucasus medical school

Program: Medical Doctor

Course: 2

CU E-mail: t_gelashvili441@cu.edu.ge

ABOUT ME:

I am Tako Gelashvili. I graduated from Tbilisi Public School No-151 with a gold medal. Currently, I am studying at Caucasus University in the Faculty of Certified Medical Doctor.

I am very excited about my new opportunity—to become a third stream ambassador of Caucasus University. For me, this is both a challenge and an interesting new experience. I am very communicative, I love meeting new people, helping them, and building meaningful relationships. I usually spend my free time with friends, and I also love traveling. I enjoy an active lifestyle, changes, and adventures.

I wish to represent my university to international students and contribute to creating an interesting and diverse student life.
