„It is very important for us to go to Europe, in particular to France, for an exchange program. Lille Catholic University is one of the oldest and largest private universities where students come to from all over the world. It gave us a chance to have the greatest experience in learning in a different environment, as well as in terms of life and personal development. The learning system, the lecturers, the schedule, everything was new and different. We have mastered the language, got to know a lot of students from different countries, made friends and learned to be independent, which will definitely affect our future and career.

Many thanks to Caucasus University for this opportunity and for being very successful in the field of Erasmus exchange programs and giving us a chance to spend at least one semester at various universities around the world. This experience will be truly unforgettable for each of us!”
