

Marina Kharabedia, Lela Gogorishvili

University of Gdansk, Poland

„On April 22-26, within the Erasmus+ Administrative personnel mobility program, we have visited University of Gdansk, Poland.

Mobility was hosted by the colleagues from the International Department, with whom we share warm and sympathetic friendship up to this date. Our hosts offered us to engage in the work process and share experience in the same area, which is our prior direction at the Caucasus University.

Within the program, visit to Gdansk University archive was planned, it was a very interesting experience. We got acquainted with the aspects of the clerk department work too. We shared thoughts and experiences, it should be mentioned, that some of the topics were much interesting and useful for our hosts.”
