

Elene Barbakadze

Darmstadt University of Applied Sciences, Germany

„One of the reasons why I chose Caucasus University, apart from quality education, was the desire to participate in the Erasmus+ exchange program and study in Europe.

I spent 2023-2024 Winter semester in Darmstadt, Germany. I studied at Darmstadt University of Applied Sciences. It was one of the best and, at the same time, full of impressions period in my life. A different environment, the best lecturers and relationships with friends from different cultural backgrounds.

Despite many difficulties and challenges, the Erasmus program helped me to quickly adapt to a foreign environment, as well as to be

more independent and learn about European culture. Traveling with friends to the most beautiful cities in Germany and spending the winter holidays in Austria were really enjoyable.

I think this is an experience that as many students as possible should experience. In addition to unforgettable memories, Erasmus exchange program gives students the opportunity to develop both personally and professionally.”
