

Sopo Khutsishvili

Bachelor's program in Public Administration

Caucasus School of Governance Corvinus

University of Budapest, Hungary

„During the fall semester of 2024, I participated in a bilateral exchange program, which turned out to be one of the best decisions of my life. Hungary and Corvinus University became an incredible chapter of my student journey, filled with new and unforgettable experiences. Taking part in this program marked a new stage in my life, as it was my first time living alone in a foreign country. Once again, I realized that stepping out of my comfort zone is the best way to grow. I can confidently say that I gained much more from the exchange program than I initially expected.

I learned how to live independently, adapt to a different culture, and, most importantly, develop both personally and academically. For those who are hesitant about leaving their country, friends, and daily routines for five or six months to join an exchange program, I would say—don't hesitate! After experiencing life abroad and all the unforgettable moments that come with it, they will undoubtedly be satisfied with their decision.”
